### WORK ON THE COURSE

The greens committee has elaborate plans for improving the course during the winter and early spring. Among the various improvements and alterations planned are reconstruction of the tees, the commencement of a long-term plan of tree planting, and, of course, a repetition of the special fertilizer treatment which showed such good results on the fairways this year.

### FINE SPORTSMAN PASSES AWAY

It is with much regret that we record the death of Mr. Henry O'Brien, Kilcaskin, Fedamore. Deceased, an extensive farmer, was known to every sportsman in Munster, and his death will leave a void in their gatherings. In his native Fedamore he was always one of the first to help any local project and the various clubs have much reason to regret his passing. For many years and up to the time of his death he was Chairman of Fedamore Coursing Club, and his untiring efforts kept the annual meeting going against what seemed unsurmountable obstacles. During the emergency he filled the position of group leader, L.D.F., and the big strength of the group attested to his leadership.

The attendance at the removal of the remains and at the funeral was of huge proportions. It would be impossible to give a selective list as practically every county in the Twenty-Six was represented. To his wife and daughter, and to his mother, brothers and sisters, we offer our sincere sympathy on their great loss.

### I.C.A. SALE OF GOODS

A sale of work organised by the local I.C.A. Guild (writes our Askeaton correspondent) was held in the National School, Askeaton, on Mission Sunday. Most of the items of the sale were made by the members of the Guild, who are to be complimented on their efforts. The proceeds, which realised a considerable sum, were devoted to the Foreign Missions.
