AFFECTED BY BOUNDARY EXTENSION

Another body that will suffer financially by the extension of the Limerick borough boundary is the Limerick County Vocational Committee.

At its meeting on Wednesday, the Committee had a letter from the Minister for Local Government stating that as a result of the boundary extension the Committee's grant would be subject to revision. This would happen after the Limerick City Boundary Bill had passed through the Oireachtas.

Chief Executive Officer (Mr. M. Moran)—So the next letter we get will not make pleasing reading.

Chairman (Mr. Sean Hartney)—Our grant will be reduced and that of the City Committee increased.

The Committee did not discuss the Department's letter.

LIMERICK TEACHER PROMOTED

Mr. Daniel S. Cotter, Rural Science Instructor in the Hospital Vocational School, has been promoted to the headmastership of Croom Vocational School. He succeeds Mr. Hayes, who has retired on reaching the age limit.

Mr. Cotter's new appointment was made by the Limerick County Vocational Education Committee at a meeting on Wednesday.

Proposer was Mr. P. Maguire, Co.C., who said Mr. Cotter would be ideal for the vacant job.

ANTI-PARTITION

PLEBISCITE QUESTION

A letter asking for the support of local authorities in promoting an Anti-Partition plebiscite in the 32 counties was adjourned for a month by Limerick County Vocational Education Committee on Wednesday.

The letter was from Ailtiri na hAiseirighe, and said that the ideal time for such a plebiscite would be on the day of a general election in Britain. Its aim was to get an All-Ireland Parliament in Dublin. As there would have to be very thorough preparation, particularly from the propaganda viewpoint, the support of every local authority in the country was necessary.

Mr. P. T. McCarthy, Co.C., suggested that the matter be adjourned for a month. Meanwhile the members should be circulated with copies of the letter so that they'd know what it was all about at the next meeting.

This was agreed to by all the members present.

TO ROME BY MOTOR

A good deal of money has been given to two sets of Limerick men who are to travel by motor to Rome for the Holy Year. The trip has already been blazoned by Limerick priests, who are to go after completing their trip in a ten-horse-power motor. Apart from the money, the one of the most was the roads on the coast. The trip along these thoroughfares at 60 m.p.h. was a real joy. The dangerous bends, reckless drivers and animals.
