MUINTIR NA TIRE

Co. Limerick Guilds

MATTERS OF URGENT CONCERN

REV. FATHER McCARTHY, C.C., presided at the monthly meeting of Effin and Gardinerk Guild of Muintir na Tire, which was held on the 5th inst. There was a large attendance.

A letter was read from the Co. Council, in reply to a communication sent by the Guild, stating that the provision of a water supply for Effin National School is a matter for the Manager of the school and for the Department of Education.

After a discussion it was decided to postpone a decision to a future meeting.

PUBLIC PUMPS

Mr. Daniel Browne stated that an Inspector from the Department of Health called on him regarding the request for public pumps at Ballymac and Legane, and they visited Ballymac townland where they interviewed residents of the area. They inspected a place in the fields where cottiers obtained water. The Inspector called on him again on the Friday previous to the meeting and stated that his Department recommended to the County Council the necessity for a public pump at Ballymac and another at Legane. He suggested that the Guild again get in touch with the County Council and a letter has been sent requesting the immediate erection of two public pumps. The Guild would like to hear from the interested people where they would wish to have the pumps erected.

On the proposal of Mr. James Fennessy, it was agreed to write to the Department of Agriculture requesting that a veterinary inspector be sent to Effin for the purpose of giving a lecture on contagious abortion and mastitis.

REMOVAL OF HIGH BANKS

The meeting expressed their appreciation of the removal of high banks on the side of the road at Effin by a farmer on the Council, and decided that if land owners there will not remove the balance of the accumulation other steps will have to be taken, so that the road may be made safer for traffic.

Regarding the repairs to one mile of the Charleville road, a member stated that the machinery has been left two weeks idle on the side of the road.

It was decided to have a phone call made to the District Engineer to ask him why the work is not proceeding and also to ascertain if a short distance of the very bad road near Effin Cross will be steam-rolled.

The Council decided on writing the County Council again regarding repairs at Effin and Kilquane Cemeteries and requesting that the Engineer should come there without delay.

MANURE DISTRIBUTION

It was stated that no grant has been allocated for the purchase of a manure distributor, and a lengthy discussion took place on the advisability of the Guild securing one on easy payments system. A letter was directed to be sent to a local merchant requesting favourable terms, particulars of which will be placed before the next meeting on November 2nd.

The matter of raising funds for repairs to the church roof was also under consideration. No decision was reached and it was adjourned to next meeting.

At the conclusion of the meeting thanked Mr. John Cregg for attending to the secretarial work in the absence of the Guild's energetic secretary, Mr. Bertie Prendergast.

DROMCOLLOGHER GUILD

Under the auspices of the above, a Fireside Chat and informal discussion took place at Dromcollogher Vocational School. Over 100 people were present, and representatives were present from Ballygran, Colmanswell, Killeedy, Castlemahon, Feohanagh and Freemount.

Amongst those present were—Mr. P. J. Meghen, Limerick County Manager; Mrs. F. Lyddy, Limerick; Mr. D. Doyle, County Librarian, and Rev. T. Cuihane, C.C., Feohanagh, and Mr. W. O'Donoghue, N.T., Freemount (members of the National Executive, Muintir na Tire).

Rev. H. O'Connor, P.P., Dromcollogher, who presided, welcomed the members of the visiting Guilds.

MAIN PURPOSE OF THE MEETING

The main purpose of the meeting was to discuss what suitable activities could be undertaken by the local Guild for the coming season.

After a long and informal discussion, in which many members took part, the general opinion seemed to favour the putting into operation of the parish plan and the provision of suitable activity for the youth of the locality.

A social followed at which many of those present contributed vocal items and a most enjoyable tea was provided by the members of the Ladies' Guild.

KILFINANE GUILD

The monthly meeting of the Kilmacraugh Guild of Muintir na Tire was held in the Technical School on Wednesday, 4th October. Rev. T. O'Donnell, C.C., presided. There was practically a full attendance of members.

was also discussed. An official canvasser has been in the district for some time but many more houses have still to be visited and measured. Since the main lines supplying Pallaskenry and Askeaton have long been erected, the lighting of Ballysteen would merely mean a "hook-up" so it was suggested that the E.S.B. be urged to complete the work.

Mr. W. Naughton, M.C.C., was one of the members present at the meeting and promised his whole-hearted support in each and every project discussed.

DEFENDANCE IN FISHERY

PROSECUTION

MIAH KEANE, Knockane, was at Abbeyfeale Court Wednesday, before Justice D. Hanson, prosecuted at the suit of Limerick Fishery Board for attempting to snatch a salmon or trout from Knockaneroe on 14th May. Defendant was further summoned for having in his possession a strokehaul or instrument of a nature for the purpose of catching salmon or other fish.

O'Reilly (Messrs. Marshall McAuley, solrs.) appeared for complainants and defendant represented by Mr. Martin solicitor.

Lavan explained at the outset of the case had been adjourned from the previous Court by Justice Kenny so that it could be heard by another Justice. However, he had not received the summons until the 9th instant that he was going ahead that day, the result that he hadn't time to inform the prosecution.

Defendant was pleading guilty so that it would not be necessary to bring witnesses for the case.

O'Reilly said that the case adjourned from the previous Court when it was intimated that a charge was being defended. Justice said that in any case he would hear the evidence that

MR. KREPER'S EVIDENCE.

Mr. Kreper Donoghue then gave evidence that while on fishery at Knockaneroe on Sunday, 14th May, he saw the defendant with a rod and line on the river. After a while defendant put the line on his line and dropped a pool on the river. Subsequently defendant was pulling the tackle, it got tangled in bushes and when witness was on the scene he found the defendant had been using a "backhaul" or strokehaul. Before asking any questions or giving evidence and address defendant witness for his authority, it produced.

O'Reilly said defendant was on a penalty not exceeding £20 for having the stroke haul in his possession, and a penalty of £2 for using it to catch fish.

OFFENCE ADMITTED

Lavan, on behalf of defendant, admitted the offence and made a plea for leniency. Defendant said, owned a good portion of the river. He had been a fisherman a long number of years and this was his first time in court.

—When you say it was his first offence you probably mean it was his first time he was caught.

Lavan—It was his first offence when he was questioned by the prosecutor he admitted everything frankly.

Justice fined defendant £20, costs and 10/- expenses.
