an error of judgment. It appeared that the defendant thought he would be across the junction before the van came on. At the same time he (Justice) considered that the van was going a bit fast into the junction and that was a contributory element to the accident. He would hold, however, that the defendant took a chance and would impose a fine of 20/- with 16/6 expenses for driving without due consideration.

### MRS. BRIGID COLLINS

Deep regret is felt at the death in a Dublin nursing home during the week of Mrs. Brigid Collins. The Oyster Saloon, Cecil Street, Limerick. Mrs. Collins had not been well for some time back, but her death was most unexpected, because she appeared in excellent spirits up to last Tuesday.

The late Mrs. Collins was a sister of Mr. Dick Fahy (of Messrs. Lynch and Spain).

The big crowds who attended the removal of the remains and the interment showed how well liked and respected she was, and the widespread sympathy that was felt for her husband, Mr. Michael Collins, and her bereaved family.
