Who are the Profiteers?

CHEAPER Boots can be offered by buying cheap leath from quick sale, without consideration of the quality of the wear they will give. That is one way. There may be more profit in it, but there is certain profit's shed for somebody. The only other way is to reduce the price of ACTUAL STOCK—reliable affix in material and wearing quality—to a bargain price. THIS IS THE TYLER WAY. There are BOOTS FOR MEN marked down to

20s A PAIR.

TYLERS

New Year Reduction Boot Sale.

Boots that cost shillings per pair more to make.

LOTS OF THEM that were 45/- a pair, and that you will agree were never made for anything like 20/-. SHOES FOR WOMEN, too, at the same price—in fact, this is Tylers 'Found a Pair' Footwear Fair. For wear NOW—not fine-weather footwear that makes you dodge the puddles on the way home. The drastic reductions are too numerous to detail in an advertisement.

See TYLERS WINDOWS and you will understand.
