Important Statement

BY **MR. CLEIN.**

It is a true saying "that were there no bad teeth, mankind would be considerably less troubled with diseases." The root of much evil has directly traced to the teeth. No one has done more to emphasize the importance of the fact than Mr. Clein, of 4 Malloy street. He has convinced the public that keeping bad teeth is invariably attended with considerable personal risk. "The teeth," Mr. Clein says, "should be periodically examined and decay arrested as early as possible. In this way Tooth Trouble is rendered impossible. Where the teeth are too far decayed to be filled, it may yet be possible to avoid wearing a denture, as an examination may determine that the teeth in question may be saved by careful treatment, allow of a pivot or crown to be attached. If this is not possible, the bad teeth, of course, come out." The advantages you have in consulting Mr. Clein is, that no matter how decayed the teeth are, you can have them extracted absolutely painless. No pain whatever, no ill after effects, no other trouble, no gas! Simply his wonderful method! If you have some natural teeth missing, Mr. Clein replaces them with artificial teeth just as natural. He guarantees a perfect fit and satisfaction, and constructs a set at as low as 21s.
