KEEP A SHARP LOOK-OUT

While one should not be over anxious about one's health, it is advisable at the same time to be on the look-out for any symptom of digestive trouble or constipation. Prompt action is always the most effective and a dose of Beecham's Pills at the onset of an attack is generally sufficient to prevent developments. At any time when you find that your bowels are not acting freely or regularly, or when you have reason to believe that your stomach is somewhat out of order, you should at once get your box of Beecham's Pills and take a dose.

Beecham's Pills.

Sold everywhere in boxes, price 1/1½ (86 pills) & 2/9 (168 pills.)

A 1920 Health Report says-"It is true economy to feed a child properly." GLAXO is at once the most economical and all-sufficient food for infants. It is a dried milk of standard quality, containing all the elements necessary for their nourishment, and only needs the addition of hot-water, when the food is instantly prepared. To-day Glaxo is the most widely distributed food in use for both infants and invalids. It comes in 1/8 and 5/- (a 2/9 size is expected shortly), from the local agent-M. B. WIDDESS, Chemist, 55 Roche's-street.
