RESIDENCE

With Stabling, extensive Terrace Grounds, available for building, presenting a considerable frontage to Henry Street (opposite the Post Office), and the rear facing Bishop's Quay, an excellent frontage on the river, also a most eligible building site.

TO BE HELD

On FRIDAY NEXT, JANUARY 14th, 11 O'CLOCK.

At the Salesrooms, 46, O'Connell-street, Limerick.

WM B FITT

Has received instructions to Sell by Auction, as above—

LOT 1—The Limerick Free House, otherwise known as The Palace, Henry Street.

DISCRIPTIVE PARTICULARS.

ON GROUND FLOOR—Front and back hall, both tiled; morning room, smoking room, dining room, study, cloak room, lavatory, w.c., wash house, hot and cold water, electric bells.

FIRST FLOOR—Broad substantial entrance to wide landing, back and front drawing-rooms (with bedrooms off latter), bedroom, linen press (with pipe), bedroom.

SECOND FLOOR—Five bedrooms off landing, bathroom, w.c. on landing, bedroom, bathroom, w.c. on landing, w.c. on landing, w.c. on landing.

ATTIC—Apartments for male comprise seven good living rooms. Back window opens overlooking with the kitchen, bathroom, w.c. and small room on landing.

BASEMENT—Large kitchen with range and scullery (tiled), outside scullery, larder, storeroom, large room, servants' hall, which is the wine cellar; pantry on scullery, boiler's bedroom, boot room.

The reception rooms and bedrooms are spacious, lofty, and well lighted. The domestic offices are carried from the kitchen, standing round a central passage, and consist of a scullery, a shed in inner yard, fowl house, etc. They are reached by high wall, four front stairs, flagged w.c. cellar, and kitchen. This portion of the premises is approached by stone stairway and low gate on side of house.

On right hand side of one enters the residence there are the stables, which contain harness room, two box stables, and four standing stalls with most pillars, being overhead; double door coach-house and coachman's apartment.

The back portion, which is used as Pleasure Grounds, can be approached from the house by stone stairway with porch. These grounds are very spacious, with a depth of 120 ft. in some places, and a frontage on the river of 180 ft. in some places, and are surrounded by high wall, making them private and quiet. They present exceptionally fine space for building, or extension of premises for business requirements, with frontage to the river. There is a terrace walk on and overlooking the river.

The residence is a substantial and well built structure in tenable order. It is of an exceptional accommodation for purposes where room is required, and in this respect presents particular advantages as a commercial concern, as it has a most important appearance, with a fine frontage to Henry Street of 180 ft. more or less, with a wide open paved space before the front of the house and a driveway. As a business concern the premises are unique, as besides the facilities offered they occupy an unobstructed business and central position close to the Post Office and Dock, and within easy reach of the Railway, while they situate the river frontage. The ground at the back of the residence adds very materially to the value of the property as it allows for extension of present premises or would make desirable sites for warehouses on the wharf. It is rarely that such well circumscribed and commodious premises are placed upon the market.

LOT 2—The free plot of ground now used as a garden, adjoining Lot 1, with frontage to Henry Street of 120 ft. or thereabouts, and a frontage to Lower O'Connell-street of 60 ft. or thereabouts. A corner plot, rectangular in shape. An exceptionally desirable site for a business establishment.

Local commission of 5 per cent. One quarter of the purchase money to be paid on deposit. Details to view from Auctioneer. For further particulars apply to—
