ACCIDENT AT KILPINE

One Kilmallock correspondent writes:—A young man named John O'Shaughnessy, aged 18, was knocked down by a police motor in Kilpinea, and sustained a broken thigh.

FARMING NOTES

SOWING OF CATCH CROPS For Spring Fodder

The field of hay is everywhere light this year, while oats are reported to be a very variable crop, and except on cool, damp soils, or on deep well manured loams, extremely light in the straw...

Catch crops are also valuable as a food for stock other than dairy cattle. All classes of stock thrive as well on these crops...

The catch crops sown in autumn are usually (1) Rye, (2) rye and vetches, (3) hard grasses, also known as 'sawgrass', (4) grasses, (5) Italian ryegrass...

The main essentials to success in the cultivation of catch crops are early sowing and liberal manuring. Sowing should take place as early as possible...
