A WARNING WORD.

Before you buy the widely advertised "cheap" Bracelet Watches consider the after care a watch worn on the wrist demands. The mechanism of the watch movement is small and wonderfully delicate. It requires expert care in the selection which it cannot receive when bought in large quantities. We have studied the Bracelet Watch for many years and are prepared to stand behind every one we sell. Buy near at home from a *practical jeweller*; you get the best value at a price commensurate with a high grade watch, and a *personal guarantee* instead of a paper promise.

The price is **£7 : 10 : 0**

NATURE STUDY Limerick Teacher's Letter In the November number of the "Gael" Mr. John J. Seelan, Principal, Lesmy's School, Limerick, writes:— "Will you allow me to express my appreciation of the inspiring article on 'Nature Study in Ireland' in the first number of 'The Gael'. In our country the study of Nature has never from a variety of causes—received the attention which it deserves. This is all the more surprising as our people are in the main lovers of outdoor life and of an observant, lingering turn of mind, with a dash of that poetic sentiment which all Nature lovers possess.
