NONE NINTS

OUR COUNTRY COLUMN NEWCASTLE WEST FIFTY YEARS AGO.

Before summarising the results of the experiment carried out by the Department to test this matter, it may be well to state that the most important conclusion to be drawn from this, and previous experiments (conducted with the object of determining the most economical method of feeding calves from four to six weeks old, until the calves are weaned at from five to six months old) is that calves can be reared successfully and economically on foods produced on the farm. In existing circumstances, this conclusion deserves special prominence and emphasis.

The following interesting account of Newcastle West and district is taken from Slater's Royal National Commercial Directory of Ireland, 1870. Newcastle West is a market town in the parishes of Newcastle West and Monaghy, barony of Glensquin, County of Limerick, 145 miles S.W. from Dublin; 51 N.W. from Cork; 30 N.E. from Tralee; 55 S.W. from Limerick; 19 N.W. by W. from Charleville, and 7 1/2 S.W. from Rathkeale, pleasantly seated close to the river Darra, on the road from the Kerry coast to Limerick. It was an anciently called "Castleroe," and owed its origin and its name to the Knights Templars, who erected a castle here in 1184, around which, in progress of time, a town was formed and fortified, the inhabitants of which ultimately obtained a charter of incorporation. The town comprises four principal streets and a square; in the latter are the church, a branch of the Provincial Bank of Ireland, and one of the National Bank; also an Infantry barracks. At one time considerable business was done here in leather, and tanning was carried on extensively, but this has fallen away, and no particular branch of manufacture distinguishes the place as one of commerce. Its chief trade is now confined to the shops, which are supported by the reciprocal demands of the inhabitants, and the custom of an opulent gentry in the neighbourhood. Courts, Celt and haron, are held by the senechal of the manor, and petty and quarter sessions for the district by the magistrates—the former weekly.

TYLERS and the Public

AN ANNOUNCEMENT THAT DOES CONCERN YOU.

When leather prices soared and boots were difficult to procure, Tylers did not profiteer, but positively refused to alter their fixed stamped prices on goods in stock. Consequently, they were selling at old prices right up to the last moment—until advances were absolutely necessary—that was keeping faith with the public.

NOW, purchasers are again assured of "the straight deal" by a genuine marking down of STOCK to meet the fall in values. Tylers could have bought men's boots, for instance, round about 13/- or 14/- a pair, specially for a so-called "cheap sale," and sold them at a big profit—that would NOT be keeping faith with the public—neither is it the Tyler way.

Tylers believe their public appreciates quality first, and therefore they prefer to give them the advantage of the fall in leather values by reducing actual stock to bargain prices to clear. Know what you are buying, and buy now—prices are as low as they ever will be again. Tylers boots are stamped on soles with the selling price before they leave the factory—you can easily verify the reductions yourself.

TYLERS 10,000 PAIR REDUCTION SALE.

The Lowest Footwear Prices Since 1914.

When the whole of the crop is ready for cutting, it should be cut in the afternoon, and the hay should be made in the morning. The hay should be made in the morning, and the hay should be made in the morning.

It was previously shown by the Department's experiments that calves can be reared successfully on crushed oats and separated milk—the oats being given dry in a trough. In the tests under notice, however, the crushed oats for one group, and the whole oats for the other group, were stirred into milk and fed with the separated milk. It was found that when this system of feeding is practised calves will thrive practically as well upon crushed oats as upon whole oats.

KILMALLOCK UNION.

ASSISTANT'S CLERK'S SALARY.

Interesting Discussion. (From our Correspondent.)

Mr. Jas. Birrane, Vice-Chairman, presided. Also present: Messrs. Sean O'Brien, Jas. Fitzgerald, B. O'Flynn, J. McGuire, A. Burke, J. McGrath, Maurice Casey, M. Cregan, J. J. Condon, P. Kennedy and Jas. Ahern.

The master reported as follows:—"On recommendation of M.O. Magie Donoghue was discharged from the hospital and sent to her own home and Annie Garvey to Mal-lon."—Approved.

The master also reported that it would be advisable to get a supply of potatoes for the workhouse.

An order was made that they be advertised for, the master to purchase a supply at market prices in the meantime.

The master further reported that Miss Walsh, night nurse in the Infirmary, was suffering from bronchitis and required two weeks' exemption. Miss O'Sullivan, from the North Infirmary, Cork, took up duty at £2 2s. per week, 20s. per week in lieu of rations, 4s. laundry, and travelling expenses.

The master also reported that the police from the barrack came on two occasions during the past month to the Probationary and took baths there.—Approved.

The master handed in medical certificate on the 7th inst., stating he was suffering from sciatica, etc., and unable to work for one week.—The Assistant Clerk took up duty subject to the approval of the Guardians.—Approved.

Mr. W. Barry, R.O. Hospital, reported that the two Hogan children ordered to be boarded out with Mrs. Beardon, Herbertstown, had been taken away by their grandmother, Mrs. Oliver, Kiltely, who had the two children now under her care.

The Board approved of the action of Mrs. Oliver.

Robert Fox, Colliery, Kilmacne, made an agreement with the Guardians to again employ a little girl named Ellie O'Dea as a domestic servant at £12 a year under the Pauper Children Acts.

A communication relative to claims for compensation by the Guardians in respect to the military occupation of the workhouse, was read from Lieut. Col. Hope, Machine Gun Corps, Ballyvonnane Camp. Lieut. Col. Hope stated he had forwarded claims in respect of the occupation of the workhouse by the military to the proper quarter. He could not inform them as to whether the work-house would be subsequently required for military occupation, as this obviously depended on the state of the country.

Orders.—Noted.

A request by the matron, asking to be allowed the same quantity of meat weekly as the other officials, viz. 3 1/2 lbs., was granted.

Daniel Mulcahy, bookmaker, wrote as follows:—"I would be obliged if you would consider putting the house in proper repair, so that I could bring my business there with me. I would want at least two rooms, one for kitchen, and one for dining and sitting, and the house to be in a good state of repair, and the water to be running."

Mr. Casey suggested that he should be allowed an hour earlier in the evening, in consideration of the whole.

Months, when they could see how much stood. He had practically no work to do at present.

After further discussion, the suggestion was finally agreed to.

Mr. C. E. Cleary, Assistant Clerk, applied for an increase in salary and which was previously granted by the old Board.

In reply to one of the Guardians, Mr. Cleary said his salary as Clerk of the Board of Guardians was about 28s. a week. He had also to do the work of the District Council and between the two bodies he had not £3 a week. He considered that the salary should at least be commensurate with the amount of work he had to do.

Mr. Birrane—As far as I can understand you entered here at £75 per year.

The Clerk said he entered at £70 a year. He got a war bonus of £12 in each case.

Mr. Birrane—That would be a matter for your consideration.

Mr. Casey—They mean point to be considered is whether he is paid on the same scale in comparison with the officials in other unions.

Mr. Birrane—He is paid in accordance with the terms on which he was engaged, and he is paid more than that.

Mr. Flynn—What is the difference between your present salary and that offered you by the Board?

The Clerk said the old Board proposed giving him £3 in each case. After so many years there ought to be some improvement in his salary.

Mr. McGrath said there was a letter from the employees of the town which touched upon the matter.

The Clerk read the following letter:—"At a meeting of the Workhouse employees section of the Transport Union, I was directed to send forward for your Board's approval and immediate adoption the following resolution—"That we call upon the Kilmallock Board of Guardians and District Council to refuse to entertain, as from this date, any application for increase of salary or improvements for or on behalf of any of its employees, unless the said application is made through a recognised union." I have been instructed to add that the majority of the employees of the Board and Council are already members of the above union, and the above resolution has been adopted and put into force by most of the public bodies in Ireland.—Yours faithfully,

"P. BOURKE, Sec. I.T.U., Kilmallock."

Mr. Casey said they ought to adopt the letter, which was a resolution.

Mr. O'Brien—If you adopt that resolution what is the position? It means that you are going to coerce Mr. Cleary to join the union. Now this is a time when we are looking for liberty for Ireland and every man is free to please himself as to whether or not he should join a trade union. I believe every man who is a worker for his own living should be a member of a union to improve his position, but if we adopt the resolution it means that we are binding ourselves to refuse applications from non-members of a trade union.

Mr. McGrath stated that the resolution had already been adopted in stronger form by the Limerick Co. Council.

Mr. Kennedy said there should be no coercion. That was his point.

Mr. O'Brien—Every man should be a free agent. The resolution was a form of coercion.

Mr. McGrath—If that is so, Mr. O'Brien, we are willing to get the opinion of Duil Eireann on the matter.

Mr. O'Brien said that they adjourn consideration of the matter until the next meeting.

Mr. Birrane suggested that they leave the matter to Duil Eireann.

Mr. Kennedy said he came there not as a representative of any particular party, but to do justice to every man. He would suggest that a resolution like this should be put on the agenda.

Mr. O'Brien said what he was against was the coercion of any person.

Mr. Birrane—I am putting the resolution to the meeting. Is there any amendment?

Mr. Kennedy—I'm against it, anyway. I am not going to remain here if a resolution like that is rushed on us. I did not come here as the representative of any section. I came here a free man, and I will go a free man. I propose that the resolution be not adopted.

Mr. Condon seconded.

Mr. O'Brien asked how many members there were on the Board.

The Clerk said 33.

Mr. O'Brien said it would be well if the matter were considered by them.

After further conversation.

Mr. McGrath said if Duil Eireann objected to the resolution they would withdraw it.

Mr. O'Brien—Refer the matter to a Duil Eireann Court, and let them fix a suitable salary for Mr. Cleary.

Mr. Casey said pending the increase of salary he would like to know the financial position of the Board.

Mr. Birrane—It is hard to find out our financial position at the present time as we cannot say whether the Co. Council will pay what is due to us or not.

The Clerk said they had an overdraft of about £8,000 from the Bank, but that amount was due to them by the Co. Council.

It was finally decided to refer the matter to the Local Conciliation Board for adjustment, said Board to be comprised of members of the Guardians and Sinn Fein Club, with an independent chairman.

Miss Hogan, Fever Night Nurse, applied for an increase in salary. Her present salary was £40, with 7s. 6d. war bonus and 14s a week to find herself.

Mr. Birrane proposed that the application be rejected.

Mr. Kennedy seconded.

Mr. Casey said that she got £10 and 10s. a week. He thought she should get £12 and 10s. a week.

After discussion, the matter was referred to the Local Conciliation Board.

Another application was read from Miss Walsh and Miss Hogan, Fever Night Nurse, for shorter hours or pay for overtime.

In reply to a question by one of the members, the Clerk said the salary of Miss Walsh was £24 per year, Miss Hogan's £40, and Miss Leahy's, £22 2s. per week. They got 14s a week to feed themselves, and 7s. 6d. per week war bonus.

Mr. Birrane suggested that no change be made.

Consideration was finally adjourned.

FLIGHT OF AUXILIARIES.

The St. Honoluli, of the American Shipping Board, and chartered by the Moore McCormack Line, of New York, arrived at Cork on Sunday from Limerick.
On her arrival in the Shannon she was boarded in mid-stream by a party of auxiliary police, and the cargo for Limerick was discharged in the middle of the river. The auxiliaries remained on board all the time and after 36 hours were removed.
While on board the auxiliaries were without food, and the captain and crew refused to give them any. They were completely ignored by the members of the staff and crew, and treated as if they did not exist. The authorities when sending them aboard evidently forgot to make provision for supplying them with food.
Leaving the Shannon, the Honoluli was followed by a destroyer, and on arrival at Cove a detachment of soldiers and marines went on board from a naval launch. These remained on the deck in the wake of the ship until the ship's arrival in Cork, where they were replaced by R.I.C. men, who are at present in possession. The captain visited the American Consul at Cove on Monday.

IRELAND, SOUTH AFRICA, BRITAIN.

The case of Ireland was instanced by Gen. Herzog at Heidelberg, Transvaal, to show what would happen South Africa in the event of contracting themselves within the British Empire. In spite of the Act of Union they had, he said, a right to alter the constitution, and in the end the King would be convinced it was better to have an independent friend than a dependant enemy. He accused General Smuts of "burning round a lie."
This speech was made in the South African elections campaign, being fought on the Coalition between the South African and Unionist parties opposing the Nationalists, led by Herzog. The election takes place on February 14th. The Nationalist chairman and speakers left the platform when the vote of no confidence was moved.

POLICE AND MUNICIPAL BOOKS.

With reference to the taking of books and documents from the Limerick Town Clerk's Office by the Constabulary, a letter was read at Thursday night's meeting of the Corporation from District Inspector Reilly regarding them. It was made to comply with the Council's request to hand back the books and documents, and would not say at present when he would do this.

LISTOWEL UNION COUNCIL.

Mr. J. Collins (Vice-Chairman) presided. Mr. J. Collins presented a letter from Mr. M. Scannell, of Bunygarra, Limerick, before the meeting, and stated that some months ago he carried several loads of manure from the Council's depot, with the permission of the Surveyor (Mr. T. McAnulty). He dumped it on the side of the Main Road with other loads belonging to two other persons until it would be convenient for him to draw it home. On the Surveyor telling him that he had to lodge 16s. in the bank to the Council's name, he (Mr. Scannell) gave him a piece of bog in return. The other day he found that the Surveyor had had the manure removed without giving him any notice. The Clerk stated that there was no money lodged in the bank to the credit of the Council for manure.

The Council made an order that Mr. Scannell could get six loads of manure from the depot in lieu of those loads removed, and that in future any persons requiring manure should come to the Council for permission and not to the surveyor, who possessed no authority to grant such permission.

The Chairman moved his resolution that the vacancy created by the resignation of Mr. J. J. Cronin be filled by Mr. Patrick Sherry.

Mr. Ashe seconded and Mr. Sherry was elected.

Owing to the position in which the Limerick and Lancashire Insurance Companies were placed in that in bond guaranteeing the Surveyor's collector, would expire on the 1st of February, the Clerk was directed that they should purchase some other company's policy.

A letter was received from the Local Government Board stating that a circular regarding the local government of the county had been issued. The Board had decided to appoint a Local Government Board to rate collectors, and the Board would be held responsible for the amounts.

The Council took an action on the 11th inst. A vote of sympathy was passed for the parents and other relatives of the late Mr. Lawlor, All Hallows' College student.

LIMERICK QUARTER SESSIONS.

BIG COMPENSATION CLAIMS.

His Honor County Court Judge Pigot resumed the business of the Limerick Quarter Sessions to Monday.

Lieutenant Watling, R.A.F., claimed £2,000 compensation for injuries received at Grange, Co. Limerick, on the 8th November, 1920.

Mr. James S. Gaffney, C.S., who appeared for the applicant, said the unfortunate business arose out of the Grange ambush...

Mr. Gaffney—Do you belong to the R.A.F. Witness—Yes.

Continuing, he said, he left Fermoy on the 8th November last for Limerick, with a military convoy when the ambush occurred at Grange Bridge...

Mr. Gaffney—What is your pay? Witness—£2s. per day.

His Honor reserved judgment. Henry L. Nathan, Esq., London, applied for £3,000 compensation for the death of his son, Constable Cyril Henry Nathan, R.I.C., who was shot dead in Edgmoor, Limerick, on the 15th August, 1920.

Mr. J. S. Gaffney, C.S., who appeared for the applicant, said the fatal occurrence arose out of the disturbances in Limerick on the 10th August when Constable Nathan was shot dead by Fyerd Street.

Mr. Nathan said he carried on a business as a furniture dealer; he devoted his ambition to take over the furniture business when it was established; he had five sons who had served in the late war, and Cyril was the only one who escaped unscathed...

Mr. Gaffney said the deceased's pay and allowances amounted to £222 15s. per annum which was the lowest grade as the deceased had under a year's service.

Colonel Woodside, R.A.M.C., said the deceased was dead when admitted to the hospital.

His Honor reserved judgment. Mr. Cornelius O'Herby, Kilmallock, claimed £2,438 compensation for the destruction of his shop, furniture, stock and loss of trade, at Kilmallock.

Mr. Gaffney, C.S., for the applicant, said the shop was situated opposite the old Kilmallock Police Barracks, and he carried on a general business, the house was being converted into three lodgings...

His Honor said he was the landlord and tenant of the barracks and let them to the police for £24 per year.

Mr. P. A. Walsh, C.E., estimated the cost of restoring the building at £1,988 10s. 6d. If the premises were divided into two separate residences they would fetch £40 a year rent each.

His Honor allowed the full amount claimed.

Mr. J. Crowley, general merchant, Ballylanders, County Limerick, claimed £23,000 compensation for the burning of his house and stock.

After hearing evidence, his Honor allowed £22,500.

Mr. M. Comyn, K.C., and Mr. J. Comyn, B.L. (instructed by Mr. J. J. Power, solicitor), appeared for the applicant.

Thomas Carrick, lodgekeeper, Limerick Co. Infirmary, brought an action against the Infirmary Committee of Management, under the Workmen's Compensation Act.

Mr. Kelly, B.L. (instructed by Mr. P. E. O'Donnell, solicitor), appeared for applicant, and Mr. R. F. Holmes, B.L. (instructed by Mr. P. J. O'Sullivan, solicitor), for defendant.

The applicant's case was that about seven years ago, while cleaning heating pipes with another man, he received an injury to his right eye, of which he lost the sight.

Dr. Fogarty said he attended Carrick seven or eight years ago for an injury to his right eye; the eye was lacerated and the wound was covered with a substance like soot; the wound healed up after eight or nine days; he had no recollection of having examined Carrick since until yesterday.

Mr. P. Kelly—You examined Carrick yesterday? Dr. Fogarty—Yes. Replying to further questions, witness said the right eye was without sight and the internal structures of the left eye were more or less destroyed and this might have been as a result of the injury to the right eye.

Mr. Holmes—And it might not have been. Dr. Fogarty—Yes.

Mr. Holmes said that the loss of the left eye was not due to the injury to the right eye. Dr. Fogarty, he said, was not sure that the destruction of the left eye was due to any inflammation caused by the original injury.

Mr. Kelly said it was a novel case and ought to be argued.

The case was adjourned to the next Session with the consent of the two parties.

Private Dudley Snelling, Oxford and Buckinghamshire Regiment, claimed £500 compensation for injuries received whilst in the discharge of his duties on the 30th July, 1920.

CHARLEVILLE & KILMALKOCK NOTES.

The announcement of the death of District Inspector McGrath, at Ballinacree, near Charleville, on Friday, under circumstances, caused profound sorrow in Charleville, where the deceased police officer was recently stationed as a sergeant for some time.

Locally he was regarded as a popular and inoffensive official and his death at a youthful age has cut short a promising career.

He was educated at St. Columba's College, Fermoy, and prior to the war was appointed as a Constable in West Cork. He was promoted to the rank of sergeant and then to that of captain, and on demobilisation he joined the R.I.C. as a constable.

He was promoted sergeant and served in the capacity until recently, when he went to London and passed an examination for the rank of Inspector.

His brother, Mr. John McGrath, is an organiser for the Irish Transport Workers' Union in the Co. Limerick.

At a meeting of the Kilmallock Guardians on Friday the principal items on the agenda for consideration were applications from officials for increases in salary.

In the days of the old "piggy bank" meetings by monthly or bi-monthly meetings, when members of the school of thought, who were then anxiously awaiting their opportunity to take the reins of local administration, were engaged on a large scale have vanished...

At a meeting of the Kilmallock Guardians on Friday the principal items on the agenda for consideration were applications from officials for increases in salary.

The most commendable action of the new body in their election to office was the decision to regard maternity cases, to allow none married women into the institution.

The step has been taken none too soon and it is perhaps a much desired one in the year long system, which should be maintained by the various units throughout the county.

In recent years the work of the Board of being institutions for the aged and infirm, have become of great importance, since its application in every instance mean a considerable reduction in the amount of the ratepayer's liability.

The matter of cottage-grabbing that is so prevalent and unauthorised possession of cottages seems to be decreasing. In fact, it seems to be disappearing.

BELVILLE CO-OPERATIVE STORE.

A Large Enterprise. As notified in our advertising columns, the Belville (Deel Bridge) Co-operative Dairy Society has now opened a Co-operative Store on a most extensive scale.

Everything for the farm, etc., is in stock, and above all it is most gratifying to note that goods sold are as far as possible manufactured in Ireland. Hence it is the aim of the Society to support home industry, and thus help to impede the pernicious wave of emigration, and make Ireland prosperous and free.

Indeed, the Society is actuated by the highest motives, and we feel confident that with loyal co-operation, their grand ideal will be realised. A word of praise is due to the farmers of the surrounding districts, for their enterprising and united efforts in establishing the Creamery, a splendid edifice for all time, and on the untold success it has met with since its establishment.

Belville, a few years ago, was hidden in obscurity; to-day it is famed for its agricultural produce throughout the world. Well may the farmers to-day congratulate themselves for their strenuous efforts and untold labour, as their undertaking has met with renewed success. Now, once more they have entered upon a very large enterprise by opening a Co-operative Store of immense proportions, and again we are confident that their efforts will be crowned with success.

It would not be fair to omit to mention the untiring efforts of Mr. Robert H. Meade in making the creamery what it is to-day. What Mr. Meade has done, and is doing, for the material and industrial resources of the district remains to be written in the golden pages of history. To him, and to all the farmers of the surrounding districts we offer our heartiest congratulations, and we wish they were all engaged in their new undertaking.—Continued.

NEWCASTLE WEST UNION FINANCIAL POSITION.

Generous Offer of the Provincial Bank. Increased Estimates Accepted. At the monthly meeting of the Newcastle Guardians, held on Thursday, Mr. Patrick Buckley, Chairman, presiding, a communication was received from Mr. R. N. Griffin, Manager Provincial Bank, Ltd., Newmarket West, in answer to the resolution of the Guardians, passed at the last meeting, relating to the conditions on which they would be re-appointed Treasurer, stating that they were quite willing to act as Treasurer to the Guardians, and would accept the appointment of the quarterly instalment now due to the County Council, to clear off the old debt due to them free of interest, and that they would be willing to give an overdraft of £10,000 of the old terms existing heretofore.

The Clerk said this means that the Provincial Bank will accept the Treasurer's position on the old terms on the security of the ratepayers' liability, and will give an overdraft of £10,000 in the present quarter when the quarterly instalment received from the County Council is expended, and will not charge interest on the overdraft. The Guardians have a credit balance with the bank, and will set off the interest due to them against the interest that may be due to the Guardians and matters right themselves.

The replies from the Munster and Leitrim, and National Banks, were not considered satisfactory.

The Provincial Bank was unanimously appointed Treasurer.

The estimate and demand of the Co. Council for the ensuing year were adopted. Last year's estimate was increased as follows:—County Council, £43,000; Rural District Council, £4,000.

The Co. Council wrote that the quarterly instalment due to both Guardians and County Council could be sent on in the course of a week or so.
